

ALEX – Lake Zurich

Head Chef

Campbell Gray Hotels is currently developing a very special boutique hotel on the banks of Lake Zurich in Switzerland. "ALEX", a 44-bedroom property, is due to open in Q2 2019 and will include an exceptional lakeside restaurant and terrace, bar, gym and spa space.

Within the heart of this intimate hotel we are developing a dynamic and vibrant all-day dining Restaurant and Bar. The contemporary and sophisticated interiors will be complemented by a unique and impressive waterfront terrace with spectacular views across the lake.

This will be a destination and we are therefore building a team of the best in hospitality. This team will deliver the perfect opening of this most exciting lakeside restaurant. The location enjoys an unparalleled vista, our own motor launch, marina. We will provide a contemporary menu where grilled meats and fish will be combined with the freshest salads and vegetables to create a light, healthy and interesting menu. The focus will be on the finest quality Swiss and locally sourced seasonal produce. This will be paired with an exceptional wine, cocktail and drinks list.

Our philosophy is hospitality, offering our guests all they want as well as what they didn't know they wanted. We are proactive, not reactive and always leading with a smile.

You will have run restaurant kitchens in Switzerland and elsewhere, you are open minded and ready for a new challenge, happy to work in a beautifully designed space and alongside a team of worldwide experienced restaurateurs.

You will be inspired by our vision and will bring your experience and passion for food to your team, leading from the front and inspiring them to be creative without being over complicated.

We have begun our journey and aim to open in May 2019, we want to hear from you (in German or English).

Prior experience in a similar position required. Interested and qualified candidates should send a detailed and updated copy of their Curriculum Vitae to:
